

Online Registration Verification

Available August 2, 2021

Access ParentVUE for Real-time Information

ParentVUE not only allows parents/guardians to complete online verification, but also provides valuable information throughout the school year. Parents/Guardians can access real-time information such as attendance and calendars. Parents of junior high and high school students can also access schedules, grade book information, course history, report cards and more.

Step 1 ✓ **Have an activated ParentVUE account**

If you have not created your ParentVUE account yet, contact your child's school to obtain your activation key code.

<https://parent-tillamook.cascadetech.org>

Step 2 ✓ **Begin the online verification process**

On the TSD9 Online Verification page, you can access valuable information to complete this required, annual process.

<http://www.tillamook.k12.or.us/registration.html>

Step 3 ✓ **Verify your child's information**

A student's information need only be verified by one custodial parent/guardian, but is not limited to only one. A parent/guardian with custody rights can verify and change student enrollment information from the parent's/guardian's ParentVUE account.
