2021

Our mission

The William T. Bruns Foundation has been established in memory of William T. (Mr. Bill) Bruns. Mr. Bill was an avid and expert fisherman and hunter who resided in Tillamook, Oregon. He was the Building Engineer at South Prairie Elementary School and assisted student every year with the salmon egg rearing process. His greatest enjoyment was taking his family hunting and fishing. Mr. Bill passed away on October, 8, 2016 of cancer.

How we do it

With cooperation for Tillamook Sporting Good (TSG), certificates are available in attached sheet below. Student will need their Social security number. Student needs to complete the certificate and take to TSG to redeem for their licenses. Certificate needs to indicate the youth licenses desired. The William T. Bruns foundation will pay for youth fishing and hunting licenses listed as youth licenses in the 2021 regulations.

What we have accomplished

We provided for 57 students in Tillamook County obtain their fishing and/or hunting licenses in the year 2020. We raised over 1,500 dollars in funds to help the foundation in our charity drive.

We ask that only serious students request the youth sports packet and have the skills, equipment, transportation, adult assistance & permission of land owner necessary to utilize it as well as the intent to use it on multiple days of the season.
